

## Metis Settlements General Council

### Invitation Entrepreneurial Investment Peavine Metis Settlement General Information Session July 15th, 2022, 6:00 pm

On **July 15th**, Peavine Metis Settlement, in conjunction with the Metis Settlement General Council, is hosting an evening workshop. The objective of this event is to inform membership of three initiatives that can make a direct investment towards individual economic growth; namely:

1. On-line capacity development through the LinkedIn platform;
2. Targeted training to become an entrepreneur; and
3. Entrepreneurial Horticulture.

#### *Entrepreneurial Horticulture*

This initiative builds upon a project piloted in Fishing Lake in 2021. A video summary of that project available at: <https://vimeo.com/609927504> (Password is all lower case: "flms").

The objective of the initiative is to support households in the Settlement interested in growing food and bringing it to market. With support from the partnership, participants establish a small-scale horticulture/vegetable farm on up to 1/8 acre of land.

Participants in the horticulture project receive:

- Training to assist with their business operations
- Technical support
- Marketing Support
- A start-up package that consists of items such as a growing structure, basic tools and seeds.

The value of this package is approximately \$9,000.

To be eligible as a project site you must:

- Be a member of Peavine Metis Settlement;
- Be 18 years of age or older;
